FOR IMMEDIATE RELEASE:

Topeka, Kansas – June 1, 2005. eBiz Software®, Inc., a Kansas based software development company specializing in solutions that help companies reduce cost, improve or enhance workflow automation, and add/increase operational efficiencies in their company and its productivity today announced the opening of their new office in Leawood, Kansas to serve the greater Kansas City Area. The office address and contact information is:

**4901 W. 136th Street, Suite 14
Leawood, Kansas 66224-5926
Phone: 913.387-2045
Fax: 913.851.1110**

This new branch will serve eBiz Software's existing customers in the greater Kansas City area and will be available for consultation and engagement to new customers in the area. Services offered, include Business Process Engineering and Re-Engineering; Systems Architecture; Corporate Systems Application Integration and Connectivity: Provide bridges between dissimilar systems such as SAP, Accounting, and UPS/Shipping; Supply Chain Management & Distribution: Automation from procurement through inventory and distribution; Customer Relationship Management – optimize and automate communications with Customers and Suppliers; Workflow Automation – work better, more cost effective, and produce more efficiently, both in business and document processing (Order management, cost tracking, accounting, purchasing); Management Reporting and Auditing: Help define and automate reporting tools and key reports to enable Management to maneuver more efficiently; and Mobile and Embedded Device Application development for PDA's, RF Handhelds, and Mobile operating systems.

Founded in 1997, eBiz Software Inc. is a privately held software development company and ASP (Application Service Provider) specializing in advanced business-based print and graphics related software applications and services. eBiz Software can be reached at the phone numbers provided or at www.ebizsoft.com. We are a Microsoft Certified Partner and our staff members each have at least one MCP certification.
